ABOUT TOBACCO.

Cynical Sentiments as to Its Uses and Abuses and Its Enemies.

Public sentiment is not unanimous in regard to the healthfulness of using tobacco. Everybody who saw the body of a negro upon whom a hogshead of tobacco fell from the third story of a New Orleans warehouse conceded that tobacco taken in large quantities is injurious.

Tobacco is said by some to have a demoralizing effect. An Indiana man taught his dog, a very fine setter, to chew tobacco. Now the dog comes into the house by the back door, never scrapes his feet on the mat, never goes to church, is careless at his meals, gets burs in his tail, goes with a lower grade of dogs and is beginning to take an interest in politics.

A goat, it is well known, is fond of tobacco, but he freely gives away his butts.

All kinds of troubles and complications are ascribed to tobacco. It is said to cause tobacco blindness. Still we have never found any friends of ours to be afflicted with it when we have incautiously left a choice cigar exposed in our vest pocket.

Ladies generally object to smoking, but it takes an old smoker to get up on his ear and howl four bladed adjectives at the ruffian who is idiotic enough to smoke bad tobacco. If a woman's husband smokes, she should not put him out, but let him down as easy as she would a smoking lamp.

The smoker, on the other hand, has many compensations. If he should be shipwrecked on a cannibal island, he is comforted by the thought that his body will be respected. The cannibals don't relish the flesh of a man who chews or smokes.

The man who smokes is not molested by mosquitoes. They can't stand smoking.—Detroit Free Press.

THE BEAR AND THE BRONCHO.

Tom Buckley Lassoed Bruin and Then Bolted From the Fight.

Tom Buckley was working on the spring roundup in the employ of one of the large cattle outfits in southern Montana. While riding through a clump of bushes one day hunting cattle a full grown silver tip bear suddenly arose and confronted him. The only weapon at hand was his lariat, and with visions of juicy bear steak for the boys at supper around the mess wagon that night and a fine rug for the pretty schoolmarm he quickly loosened his rope and threw it. A few turns over the saddle horn, at the same time spurring his horse, and the shock came. It was very severe, for unluckily the bear's fore leg as well as his head was through the loop of the rope. Tom was about to drop the rope like a hot cake when the horse suddenly put his head down and started bucking in true broncho style.

Thomas didn't last long. He suffered when he struck the ground, but he did not linger in the vicinity to ascertain the extent of his injuries. He started for the top of a butte close at hand, and although an indifferent sprinter he managed to make very fair time.

Looking back from his position of comparative safety, he could see that both animals had become entangled in the rope and were having it out in great style, making frantic efforts to free themselves. The rope finally parted, and away they went in opposite directions, or as he expressed it, "They quit the country, hitting only the high spots."—Chicago Record.

Travelers Must Be Content.

In some parts of the southern states, where, happily for them, the people are not in such a ceaseless hurry as people are in the nervous north, no one thinks of exacting punctuality from railroad trains. They take them when they come, and arrive when they get there, and are content.

A fretful Yankee drummer, who, at a country railway station, had been fuming because a train had not arrived an hour after schedule time, received a lesson in patience from an elderly countryman who came in with his gripsack and asked the station master:

"What time do the train fer Savannah git here, boss?"

"Somewhar 'bout nightfall," answered the stationman.

"An what time do she git ter Savannah?"

"Somewhar 'bout mawnin."

Then the countryman, perfectly satisfied with the information, folded his legs in a corner and settled down to an hour or more of philosophical comfort.—Youth's Companion.

A Dramatic Holdup.

Missouri Fireman—Give 'er air, Bill! Stop 'er! We're held up!

Engineer—I see—hist! There's seven of them on this side—

"Wearin masks, too, Bill"—

Robber (with drawn sword)—And dar-r-r-est thou insult me to my beard? Marry! It is more than human that p-r-r-ompts me thus to spare thy insignificance—

Engineer—It's all right; let 'er go!

Fireman—Wh-what is it, Bill?

"Theo-ayter troop, rehearsin for the next town!"

"What're they doin out here in this dense swamp?"

"Tryin to get to the next town."—Cleveland Plain Dealer.

A Woman's Argument.

He—You women have no right to the ballot for the simple reason that in case of a war you would not be able to fight.

She—Then why do you allow a man who is crippled to vote?

He—Why—er—if that isn't just like a woman to ask some such fool question as that.—Indianapolis Journal.

NEVADA STATE JOURNAL.

THURSDAY, NOVEMBER 22, 1894.

THE ALABAMA GOVERNERSHIP.

Rueben F. Kolbe, the candidate of the Jeffersonians and People's party of Alabama for Governor, has issued a lengthy address to the people of the State. He States that the paramount issue in the late State campaign was honest elections. He charges that frauds were committed in 1892 and that there was a universal domand against the repetition of these frauds. Soon after the election he issued an address stating that he had been elected, and shortly afterwards his leaders held a conference. As a result of this conference, meetings were held in every county for the purpose of ascertaining the wishes of the people in reference to the alleged frauds. A convention was called, at which resolutions were adopted declaring Kolbe elected and that the will of the people was set aside by the election managers, aided by a corrupt judiciary. When the Legislature convened last Saturday in joint convention to count the votes for State officers, Senator Goodwyn arose to file a protest, signed by forty-four Populist members of the Legislature, against counting the vote of certain counties where frauds were alleged to have been committed. The Speaker ruled Goodwyn out of order and ordered the Sergeant-at-Arms to seat him.

The official vote, as declared by the Speaker, gave Oates 27,272 majority for Governor. The frauds alleged are more than sufficient to overcome that majority, and Kolbe announces that by the grace of God and the help of the good people of Alabama, he will take the oath of office and his seat as Governor of Alabama on the 1st of December next. He appeals to his friends and supporters from all parts of the State to be in Montgomery on that day and give him their support to vindicate their liberties.

It is believed that there will be serious trouble if Kolbe attempts to take his seat as Governor, and his arrest for treason against the State is not improbable. The State authorities and a majority of the Legislature are against him, but he has many determined followers who believe that he was elected and who may resort to force to inaugurate him Governor.

WALL STREET HELPS ITS FRIENDS.

Congressman-elect Howard of Alabama declares that Grover Cleveland is worth $4,000,000. It is believed in Washington by people closely connected with Wall Street affairs that $6,000,000 would be nearer the exact figure. The greater part of his wealth is said to have resulted from successful speculation in Wall street. These speculations were not carried on in his own name, but he permitted his friends to speculate for him. This may or may not account for certain of the President's friends knowing his intention to issue another $50,000,000 of bonds before the Secretary of the Treasury was aware of it.

It is not intimated that President Cleveland has made improper use of his position, but was simply fortunate in his speculations. It is, however, regarded as certain that no public man ever entered into national life as poor as did Grover Cleveland and in so short a time acquired a fortune of such great proportions as is now said to be owned by him. The presumption is that Wall street takes care of its friends and gives officials who are in a position to assist it in maintaining the gold standard, opportunity to accumulate wealth.

AMEND THE REGISTRATION LAW.

Commenting upon the fact that several voters were transferred from Humboldt and Elko counties to Wadsworth in this county, a day or two prior to the late election, the Elko *Independent* says the next Legislature should amend the registration law so as to prohibit the transfer of voters from one precinct to another merely for the purpose of voting for some particular candidate. As the law now is colonization is easy. If voters are allowed to transfer from precinct to precinct or from county to county up to the day of election it opens the door to the worst kind of fraud.

The evil complained of by the Washoe County Commissioners, the *Independent* says, exists in Elko county and will continue to grow unless the Legislature amends the law so as to make colonization impossible.

IN FAVOR OF FREE COINAGE.

The California Miners' Association in session at San Francisco adopted a resolution in favor of the free coinage of silver at the ratio of 16 to 1. The Convention is one of the largest assemblage of miners that ever convened on the coast. It is composed of representative men from all parts of the State, and the fact that while they are engaged in gold mining, they are decidedly in favor of the remonetization of silver shows that they appreciate the condition of the country and the business depression caused by the adoption of the gold standard.

In Arkansas the total vote in three Congressional districts this year is less than the Democratic majority of two years ago in those districts.

The *Reveille* says George Ernst has sold 2,100 sheep in Reno at $1 90 per head.

In New York 265,000 men voted, and n Chicago the numbec was 246,000.

PENNOYER ON CLEVELAND.

Practical Jokers Will Play Tic-Tac No More.

A DISTINGUISHED WITNESS.

President Cleveland to be Summoned to the Coast.

SAN FRANCISCO, November 21.—Attorney Monteith is preparing some affidavits to be filed to-morrow in the case of the strikers now on trial for obstructing the mails and interfering with interstate commerce. It is his purpose to make every effort possible to summon to this city as witnesses in the cases now pending President Cleveland and the managers of all the principal eastern railroads which were in any way involved in the big strike. If the application of the defense for these distinguished witnesses be refused, the matter may be carried to the Supreme Court of the United States for final adjudication. Monteith, in speaking of the matter, said: "We hold that the President of the United States and the Managers of the eastern roads were technically guilty of obstructing the United States mails when they put forth a Presidential and managerial proclamation concerning the strike. We want to find out why that proclamation was made, and on that evidence Mr. Cleveland's testimony is essential. I do not believe there is any law by which he can claim exemption from coming and testifying as a witness. The matter will be decided by District Judge Morrow to-morrow.

Damaging Evidence Against Hatch.

WOODLAND, Cal, November 21.—In the Hatch trial to-day Conductor Hill and Brakeman Teeple testified. They gave the first direct examination connecting Hatch with the wrecking of the train. Both were in the caboose of a freight train which was side-tracked at Washington during the strike, and they positively recognized Hatch as one of the party of men that drove up to the train in a three-seated rig, and after securing bars, wrenches and other tools drove off in the direction of the point where the wreck afterwards occurred. Hill's testimony was not shaken by the defense, but Teeple became somewhat confused and contradictory under cross-examination. It is not likely the case will close before Friday.

Charged With Robbing Graves.

LINCOLN, Neb., November 21.—The Dean and six students of the medical faculty of the Cotney University were arrested to-night charged with grave robbing.

A body was interred last Thursday. The following morning the grave was found to have been rifled and the body and coffin carried away. Detectives this evening discovered Dean Alexander about to illustrate a lecture by dissecting in the lecture-room the stolen corpse. The entire medical class thereupon was arrested. The affair has caused intense excitement, as other grave robberies for the benefit of the dissecting-room have occurred.

Tables Turned on Practical Jokers.

UKIAH, Cal., November 21.—Three prominent citizens of this city were painfully wounded last night while playing a practical joke on A. Hocklander, a carpet weaver. The jokers attached a string to a tick tack arrangement with attachment which was fastened to Hocklander's window. Hocklander discharged a blunderbuss filled with buckshot at the intruders and each carried off a good load of shot. Doctors were summoned and the metal extracted. It is thought none of the injured are fatally hurt.

Governor Pennoyer on Cleveland

PORTLAND, Or., November 21.—Governor Pennoyer, speaking of Japan's reply to the offer of mediation by this Government, to-day said: "I see that the Japanese Government has followed my example in reminding President Cleveland to attend to his own business. For the sake of the country the President really ought not to have allowed himself to be snubbed the second time."

MINERS' CONVENTION.

The Business Transacted by That Body Yesterday.

SAN FRANCISCO, November 21.—In the Miners's Convention this morning the report of the Committee on Legislation, as made yesterday evening, was adopted. On motion of C. W. Fuzier of Nevada another resolution was added demanding the early completion of the Nicaragua canal under Government auspices, substantially as provided by the so-called Morgan bill.

President Neff then announced the appointment of State Senator C. W. Cross, E. H. Benjamin and Thomas G. Merrill as delegate from the Miners' Association to the Transmississippi Congress, which assembles at St. Louis next Monday.

After Lane's resolution had been slightly modified so that it simply suggested that Congressional delegations from mining States and Territories take such steps as they might deem proper to organize it was reported back by the committee and adopted.

It was also resolved to appoint a committee of three to wait upon the next Legislature in the interest of the mining industry.

After the appointment of the Executive Committee the convention adjourned sine die.

J. S. Tregide and J. S. McBride were named from Nevada county.

Mount Tacoma Thought to be in a State of Eruption.

SEATTLE, November 21.—Great excitement has been caused throughout the Puget sound country by what is looked upon by many as an eruption of Mount Tacoma or Ranier, 1,444 feet high, and one of the loftiest peaks in the United States. The mountain has certainly been strangely transformed. The crest of the great monarch of the Cascades has changed. The cone has fallen in and steam can be seen rising from the crater. There is no eruption, it is believed by those most competent to judge, but great masses of rock seem to have fallen. The snow-capped cone has disappeared, and a sharp-pointed peak has arisen in its place to the east of the crater. The changed appearance of the mountain is evident from the streets of Seattle ninety miles distant, and thousands of people have watched the great peak all afternoon. But very few people have ever ascended the mountain, and at this season of the year the ascension is an absolute impossibility, so there is no way of making a thorough investigation of the phenomenon.

TACOMA, November 21.—The story of Mount Tacoma's changed appearance is regarded here as having little foundation, though Tacoma looks at the mountain from a different point of view than Seattle. No steam or fire have been observed here, but the side nearest the city, which is covered with the largest glaciers in the world, seems to be covered with snow to a greater depth than usual. Most always in summer time on a clear day some steam can be seen arising from the mountain's crater, and it is thought here this phenomenon has given rise to the story.

To-night at 6:30 o'clock several slight shocks of earthquake were felt here. Windows were rattled throughout the city. The first shock was most severe, being accompanied by rumbling noises as of a distant explosion and simultaneously a sheet of flame was observed in the western heavens. Inquiry to-night develops that several persons here seen smoke arising from Mount Tacoma this morning.

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

NEVADA STATE JOURNAL.

THURSDAY, NOVEMBER 22, 1894.

THE ALABAMA GOVERNERSHIP.

Rueben F. Kolbe, the candidate of the Jeffersonians and People's party of Alabama for Governor, has issued a lengthy address to the people of the State He States that the paramount issue in the late State campaign was honest elections. He charges that frauds were committed in 1892 and that there was a universal demand against the repetition of these frauds. Soon after the election he issued an address stating that he had been elected, and shortly afterwards his leaders held a conference. As a result of this conference, meetings were held in every county for the purpose of ascertaining the wishes of the people in reference to the alleged frauds. A convention was called, at which resolutions were adopted declaring Kolbe elected and that the will of the people was set aside by the election managers, aided by a corrupt judiciary. When the Legislature convened last Saturday in joint convention to count the votes for State officers, Senator Goodwyn arose to file a protest, signed by forty-four Populist members of the Legislature, against counting the vote of certain counties where frauds were alleged to have been committed. The Speaker ruled Goodwyn out of order and ordered the Sergeant-at-Arms to seat him.

The official vote, as declared by the Speaker, gave Oates 27,272 majority for Governor. The frauds alleged are more than sufficient to overcome that majority, and Kolbe announces that by the grace of God and the help of the good people of Alabama, he will take the oath of office and his seat as Governor of Alabama on the 1st of December next. He appeals to his friends and supporters from all parts of the State to be in Montgomery on that day and give him their support to vindicate their liberties.

It is believed that there will be serious trouble if Kolbe attempts to take his seat as Governor, and his arrest for treason against the State is not improbable. The State authorities and a majority of the Legislature are against him, but he has many determined followers who believe that he was elected and who may resort to force to inaugurate him Governor.

WALL STREET HELPS ITS FRIENDS.

Congressman-elect Howard of Alabama declares that Grover Cleveland is worth $4,000,000. It is believed in Washington by people closely connected with Wall Street affairs that $6,000,000 would be nearer the exact figure. The greater part of his wealth is said to have resulted from successful speculation in Wall street. These speculations were not carried on in his own name, but he permitted his friends to speculate for him. This may or may not account for certain of the President's friends knowing his intention to issue another $50,000,000 of bonds before the Secretary of the Treasury was aware of it.

It is not intimated that President Cleveland has made improper use of his position, but was simply fortunate in his speculations. It is, however, regarded as certain that no public man ever entered into national life as poor as did Grover Cleveland and in so short a time acquired a fortune of such great proportions as is now said to be owned by him. The presumption is that Wall street takes care of its friends and gives officials who are in a position to assist it in maintaining the gold standard, opportunity to accumulate wealth.

AMEND THE REGISTRATION LAW.

Commenting upon the fact that several voters were transferred from Humboldt and Elko counties to Wadsworth in this county, a day or two prior to the late election, the Elko *Independent* says the next Legislature should amend the registration law so as to prohibit the transfer of voters from one precinct to another merely for the purpose of voting for some particular candidate. As the law now is colonization is easy. If voters are allowed to transfer from precinct to precinct or from county to county up to the day of election it opens the door to the worst kind of fraud.

The evil complained of by the Washoe County Commissioners, the *Independent* says, exists in Elko county and will continue to grow unless the Legislature amends the law so as to make colonization impossible.

IN FAVOR OF FREE COINAGE.

The California Miners' Association in session at San Francisco adopted a resolution in favor of the free coinage of silver at the ratio of 16 to 1. The Convention is one of the largest assemblage of miners that ever convened on the coast. It is composed of representative men from all parts of the State, and the fact that while they are engaged in gold mining, they are decidedly in favor of the remonetization of silver shows that they appreciate the condition of the country and the business depression caused by the adoption of the gold standard.

In Arkansas the total vote in three Congressional districts this year is less than the Democratic majority of two years ago in those districts.

The *Reveille* says George Ernst has sold 2,100 sheep in Reno at $1 90 per head.

In New York 265,000 men voted, and n Chicago the numbec was 246,000.

A DISTINGUISHED WITNESS.

President Cleveland to be Summoned to the Coast.

SAN FRANCISCO, November 21.—Attorney Monteith is preparing some affidavits to be filed to-morrow in the case of the strikers now on trial for obstructing the mails and interfering with interstate commerce. It is his purpose to make every effort possible to summon to this city as witnesses in the cases now pending President Cleveland and the managers of all the principal eastern railroads which were in any way involved in the big strike. If the application of the defense for these distinguished witnesses be refused, the matter may be carried to the Supreme Court of the United States for final adjudication. Monteith, in speaking of the matter, said: "We hold that the President of the United States and the Managers of the eastern roads were technically guilty of obstructing the United States mails when they put forth a Presidential and managerial proclamation concerning the strike. We want to find out why that proclamation was made, and on that evidence Mr. Cleveland's testimony is essential. I do not believe there is any law by which he can claim exemption from coming and testifying as a witness. The matter will be decided by District Judge Morrow to-morrow.

Damaging Evidence Against Hatch.

WOODLAND, Cal, November 21.—In the Hatch trial to-day Conductor Hill and Brakeman Teeple testified. They gave the first direct examination connecting Hatch with the wrecking of the train. Both were in the caboose of a freight train which was side-tracked at Washington during the strike, and they positively recognized Hatch as one of the party of men that drove up to the train in a three-seated rig, and after securing bars, wrenches and other tools drove off in the direction of the point where the wreck afterwards occurred. Hill's testimony was not shaken by the defense, but Teeple became somewhat confused and contradictory under cross-examination. It is not likely the case will close before Friday.

Charged With Robbing Graves.

LINCOLN, Neb., November 21.—The Dean and six students of the medical faculty of the Cotney University were arrested to-night charged with grave robbing.

A body was interred last Thursday. The following morning the grave was found to have been rifled and the body and coffin carried away. Detectives this evening discovered Dean Alexander about to illustrate a lecture by dissecting in the lecture-room the stolen corpse. The entire medical class thereupon was arrested. The affair has caused intense excitement, as other grave robberies for the benefit of the dissecting-room have occurred.

Tables Turned on Practical Jokers.

UKIAH, Cal., November 21.—Three prominent citizens of this city were painfully wounded last night while playing a practical joke on A. Hocklander, a carpet weaver. The jokers attached a string to a tick tack arrangement with attachment which was fastened to Hocklander's window. Hocklander discharged a blunderbuss filled with buckshot at the intruders and each carried off a good load of shot. Doctors were summoned and the metal extracted. It is thought none of the injured are fatally hurt.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg and doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at S. J. Hodgkinson's drug store.

SIGNS OF PROGRESS.

Some of the Results of the Late Political Shake-up.

CANDELARIA, November 20, 1894.

ED. STATE JOURNAL:—Should the days yet intervening between this day and the day of the meeting of Congress prove to be as productive of interesting opinions concerning the result of the late election as the past few days have been, then the impatience about Mr. Cleveland's forthcoming message will not be as keenly felt as is usually the case. Among others, Messrs. Brice, Henry Waterson and Chairman Wilson gave to the public their new convictions, that it was not the tariff question as much as it was the hard times, for which the party in power is generally held responsible, that caused the late reversal. Of the above named three only Mr. Waterson made any suggestion as to a remedy. He advised that the finance question now be taken up as the paramount one, and that tariff reform be placed at the bottom of the file. Mr. Wharton Barker, in an open letter to Governor McKinley of Ohio, also makes a suggestion upon the same line of policy.

These are interesting signs of progress and should be credited to the profit side of the results of the late shake-up, and Silver party men ought to be able to enjoy such reading while waiting for Mr. Cleveland's message.

There is no doubt but that the masses of voters would like to assist in the restoration of prosperity, but they do not appear to have had a clear conception of the causes of the depression, so they trusted to their party leaders respectively to find a remedy. In this way they floundered between the two old parties, who, up to this time, have made the tariff the main issue. But since the politicians referred to have publicly acknowledged that it was not the tariff, but the hard times that caused these changes in the past, and that the hard times will not yield to the influences of the changed tariff schedules, and the finance question should now be taken up, the mistaken voters will be apt to open their eyes to the fact that silver is the polar star of the finances, and the party most earnestly striving to restore silver is the party to entrust with the rehabilitating of it. To such of the voters who blindly followed their parties respectively and persistently asked for proof as to the relationship between low price of silver and hard times, I must introduce an extract from an address delivered before the Chamber of Commerce in London on the 24th of July, 1894, by E. E. Isemonger, Colonial Treasurer and Member of Council of the Straits settlements, which address was also presented in the United States Senate on the 11th of last August by Senator Teller of Colorado. The address contains the testimony of many people of European origin, who are now trading in the Straits. The following is a sample of many:

"We are importers of European goods and supply the greater part of the European community of Singapore and the native States. During the last year we have had to advance our prices owing to the fall in exchange more than ever we had to do before. The present condition of things is causing a shrinkage of trade and we are selling less than we ever did. Many lines of goods which we have been in the habit of selling freely are a dead stock upon our hands.

As regards our own trade the present low exchange is disastrous from every point of view. It has no redeeming feature, and we have suffered considerably during the last year. It may be a coincidence, but in 1890 when exchange rose to an average rate of 3 s. 5 d. we were very prosperous.

In that country the tariff is not an issue, and yet the conditions conform exactly to the business conditions of this country. Both are traceable to the same cause, the market price of silver bullion, which by free coinage in the United States would be put on a higher and stable basis, to wit: on the ratio of 16 to 1, or 1 2929 per ounce.

The key note sounded by the gentlemen I mentioned raised the hope that the tariff question will no longer occupy the prominent position it held in politics in this country so many years to the detriment of all. The voters will no longer attribute the rise and fall of values in property to the fluctuation of tariff schedules, but to the fluctuation of the price of silver bullion, which by proper legislation alone can be made stable and restored to its old price, and they will demand such legislation.

Our Senator, Wm. M. Stewart, lately was reported to have said that he "can raise more hell" when he has no committee business to attend to. I do not exactly understand what the Senator wished to imply. Bible phrases are often hard to explain, and sometimes even contradictory. Whether he meant to redeem patches of the Inferno piecemeal at spare time, or whether he had the redemption of such silver producing States in mind that went back on their own interests on last election day is not quite clear to me. Anyhow, he spoke of "elevating" the place of everlasting punishment. His idea must have been a good one, for as soon as the news of it reached Messrs. Cleveland and Carlisle they anticipated him in action. They raised quite a patch of it when they offered a new issue of $50,000,000 of 5 per cent U. S. bonds.

THE MEETING LAST NIGHT.

A Committee of Arrangements Appointed and a Start Made.

Quite a number of citizens assembled at the Court House last night to consider the matter of entertaining the California Press Association that proposes visiting Reno about December 12th. President Stubbs was chosen chairman of the meeting and upon assuming the chair stated the object of the call. Allen C. Bragg was elected secretary. The latter read letters from W. H. Mills, also others regarding the excursion and a telegram from the secretary of the Association as to the probable number of visitors. The communications outlined the purposes of the trip and suggested that no eleborate preparations for the entertainment be made. After some talk by Messrs. Bradshaw, Dodge, Bragg, Bergstein and others it was decided to appoint a committee of arrangements consisting of fifteen, this committee to have full power to appoint sub-committees on finance, reception, entertainment, etc.

The following gentlemen were chosen as such committee: R. L. Fulton, W. O. H. Martin, Sol Levy, T. P. Bradshaw, H. J. Thyes, C. C. Powning, Chas. Gulling, E. D. Kelly, Allen C. Bragg, Wm. Thompson, E. R. Dodge, Col. Stanley, H. H. Beck, T. K. Hymers and R. A. Maynard. It was suggested that the guests be entertained by showing them the town, the State institutions and the valley. That carriages be provided and on the return from the drive a banquet be spread, at which a program of toasts, speeches, etc., be arranged. This was left for the consideration of the executive committee. It was decided that the committee meet this afternoon at the office of Goodwin & Dodge for the purpose of perfecting organization.

There is not the least doubt but what the people of Reno should take an active interest in this proposition, for the chances offered by the visit of this Association seldom occur, as far as spreading abroad a knowledge of the advantages of our State.

Every one of these journalists will closely observe the town and surrounding country, and in his own paper will give his idea of our resources and possibilities. These articles will be read by thousands, and will not be in the form of the stereotyped pamphlet that nine out of ten persons pick up, look at the title page and throw aside, but on the contrary will be a brief but interesting sketch of the scenery, climate, mines, etc., that will at once attract attention and make those who read want additional information. Let the townspeople take an interest and carry out this project in a creditable manner to the community.

"A GERMAN SOLDIER."

A Treat in Store for the People of Reno.

James A. Reilly in his original comedy drama, "A German Soldier," will appear with his large company at the Opera House this (Thursday) evening for one night only. The company has just finished a very successful engagement at the Grand Opera House, San Francisco. The *Examiner* comments as follows: There was a large and enthusiastic houseful at the Grand Opera House last night. James A. Reilly produced his play, called "A German Soldier," and there is not the slightest doubt of its complete success. The "German Soldier" is a nice thrilling melodrama with more than a spice of comedy and a good strong dash of music thrown in. The polished villan is "f-o-i-l-e-d," of course, and the course of true love manages to cool down just as the curtain falls. Mr. Reilly, as the German soldier, sings and dances with a certain careless gaiety that is really taking.

Seats now on sale at Nasby's.

Churchill County Officers.

J. M. Sanford, Treasurer of Churchill county, gives the following list of officers elected in his county at the late election: State Senator, Charles Kaiser; Assemblyman, Lem Allen; Sheriff and Assessor, James A. Donaldson; County Clerk and Treasurer, J. W. Ferguson; Recorder, W. E. Dalton; District Attorney, I. H. Kent; Commissioner (long term), W. D. Epperson; Commissioner (short term), J. B. Ferguson.

County Officers-Elect.

The several county officers-elect received certificates of election from the County Clerk yesterday. Sheriff Caughlin was elected his own successor, as was also Treasurer Boyd. The People's party elected two members of the Legislature, Clerk, Treasurer, Recorder and Surveyor, and the Republicans elected three members of the Legislature, Sheriff, Assessor, District Attorney and two Commissioners.

A Mistake Corrected.

ED. JOURNAL—I find that your printers last night made a mistake in setting my article on V. & T. Railroad assessment. I wrote that the aggregate assessment of that company had been reduced $70,875, and not that it had been reduced *to* $70,875. Please correct. H. H. BECK.

"FOR SWEET CHARITY."

An Entertainment Which all Should Patronize.

The Woman's Guild of Trinity Church, foreseeing the suffering that is surely coming for poor people this coming hard Winter, have planned an entertainment that promises to be full of enjoyment for all who attend. All the proceeds will go to the Guild's charity purse for the relief of the poor, sick, needy and distressed of the town.

The ladies confidently look to the proverbial generosity of Reno townspeople to make their purse heavy with blessing and comfort for the suffering.

The following program, consisting of humorous and dramatic readings, bird notes and pantomimes, or stories in action, will be given by Miss Edith Florence Ashmore of Los Angeles, late directress of Ogden School of Expression, Friday eve, at eight o'clock, at the Nevada Club Hall:

PROGRAM.

Music { 1 Instrumental. 2 Vocal.

1 The Tell-tale,
2 Jack, the Fisherman,
3 The Fourth of July at Jonesville, Music,
4 Pantomime, The Faithful Soul,
5 A Few Friends, Music,
6 Pauline Pavlovna,
7 The Ways of Boys.

The music on the program will be furnished by Reno's sweet singers.

Miss Ashmore has the reputation of being a first-class elocutionist. The Los Angeles *Times* has the following relative to the lady's appearance in public in that city:

Miss Ashmore received a pleasing reception upon stepping forward to give an illustration of Delsarte movements. She gave a pantomime, a story in action, "A Story of the Faithful Soul." After explaining the plot she proceeded to display it in the graceful movements of Delsarte. She was recalled, and by request repeated the selection given on Wednesday, "The Tell-Tale." The "Tell-tale" was a bob-o-link, and Miss Ashmore warbled in imitation of his song in a remarkably natural manner. no21t3

WHITE PINE COUNTY RETURNS.

The Official Vote and the Candidates Elected.

The JOURNAL is indebted to William Laurensen of Ely, White Pine county, for a transcript of the official vote of White Pine county. The number of votes received by each candidate for State office is printed in the table of State election returns, and the majorities are as follows:

Newlands 86, Cleveland 62, Sadler 107, Bonnifield 125, Beatty 123, Howell 123, La Grave 64, Westerfield 96, Pratt 128, McCarthy 99, Cutting 62, Deal 112, Starratt 128. For District Judge Talbot's majority is 194, for member of the Assembly McDonald's majority is 58.

The county officers are: Sheriff, Walter Rynearson, who beat Ben Payne 25 votes; Clerk and Recorder, M. B. Garaghan; District Attorney, A. T. Stearns; Treasurer and Assessor, J. H. Williamson; Commissioner (Long Term) Alex Muir; Commissioner (Short Term) Calvin Warlick; all Peoples' party candidates except Rynearson.

There were 441 votes polled of which 16 were rejected. The Peoples' party supported the Silver ticket. The Republican vote was increased in Osceola, a gold mining camp, where 110 votes were polled this year as against 61 votes in 1892. Some confusion resulted from the State ticket being under the name of Silver party, and the county ticket being under the name of Peoples' party.
